

Amendment under 37 CFR §1.111  
Application No. 10/594,278  
Attorney Docket No. 063029

**REMARKS**

(1) Claims 1-13 were pending in this application, of which claim 1 has been amended. No new claims have been added.

(2) Claims 1-13 were rejected under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The Examiner states that the term “vertical and in standing” is confusing, and that the term “vertical” seems to be all that is required to convey that the longer tubes are upright. In response, the term “in standing” has been deleted.

Since the amendment does not change the scope of the invention recited in claim 1, it does not raise new issues of patentability.

(3) Claims 1-7, 12 and 13 were provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-12 of copending Application No. 10/594,277, in view of Swift patent.

Applicants herewith file a terminal disclaimer with respect to Application No. 10/594,277.

(4) The Examiner indicates that with the submittal of a suitable terminal disclaimer and correction of the clarity problem of claim 1, the application should be in a condition of allowance. Page 4 of the Office Action.

(5) In view of above, Applicants submit that the claims, as herein amended, are in condition for allowance. Applicants request such action at an early date. If the Examiner believes that this application is not now in condition for allowance, the Examiner is requested to contact Applicants' undersigned representative at the telephone number indicated below to arrange for an interview to expedite the disposition of this case. If this paper is not timely filed, Applicants respectfully petition for an appropriate extension of time.
